Everything in its place, and a place for everything. **b-smart** by Bath + is the solution: a new collection of bathroom furniture with washbasin and accessories designed to ensure that everything is kept in perfect order.

b-smart was developed from a series of creation workshops in which users of different ages participated, to help us gain greater insight into real daily-life situations inside a bathroom. From the morning rush, to moments of more intimate relaxation, or different situations of family use. Its design is based on genuine experiences which require practicality and order, to make daily bathroom life easier.

The concept of functionality is a fundamental part of the design of each element of the collection. As well as the choice of combinations of colours and materials. **b-smart** stands out for its modern aesthetics which transmit freshness.

b-smart

Cada cosa en su sitio y un sitio para cada cosa. **b-smart** de Bath + es la solución: una nueva colección de muebles con lavabo y complementos pensada para facilitar el orden en el baño.

b-smart nació a partir de unos talleres de creación en los que participaron usuarios de diferentes edades con el objetivo de conocer mejor las situaciones reales del día a día de un cuarto de baño. Desde las prisas de la mañana, a los momentos de relax más íntimos o a situaciones de un uso familiar. Su diseño parte de la existencia de ambientes vividos que requieren de un orden práctico, que facilite las acciones cotidianas.

El diseño de todos los elementos de la colección incide en la idea de la funcionalidad. También la elección de los colores y los materiales, que se pueden combinar. **b-smart** destaca por una estética actual, que transmite frescura.

PRODUCT DESIGN BATH+

What was your inspiration to design **b-smart**?

¿En qué te inspiraste para diseñar **b-smart**?

b-smart was developed from a series of creation workshops that we carried out to understand our market. These workshops consisted of working with users of different ages in order to determine their needs. At first, it was meant to be directed at a young audience, but in the end we designed a bathroom collection which would adapt to a wider target audience, a more practical and contemporary collection. We noticed that many users wanted easy access to everything. One of the aspects we worked on most in the workshops was order and ease of use. Based on this, we created a design with modern aesthetics, which would at the same time transmit warmth.

b-smart nace de unos talleres de creación realizados para conocer nuestro entorno. Los talleres consistían en trabajar con usuarios de diferentes edades para descubrir sus necesidades. En principio se pensó en un público joven, pero al final se ha diseñado una colección para el baño que se adapta a un público más amplio, práctico y actual. Vimos que muchos usuarios quieren tener todo a mano. Uno de los aspectos que más se trabajó en los talleres fue el orden y la facilidad de uso. Partiendo de esa base, creamos un diseño con una estética actual y que a la vez transmitiera calidez.

What would you say is most significant about the design and functionality of the new collection?

¿Qué destacarías en cuanto al diseño y la funcionalidad de la nueva colección?

With b-smart, the washbasin unit is widened to create a fast-use area where the collection's accessories can be kept, such as the container-tray giving easy-access to toiletries and daily-use cosmetics. As for the finishes, we would highlight the combination of painted veneer finishes in whilte, stone grey and blue, with wooden finishes in gloss-white, ash, white ash, oak, white oak and anthracite-slate grey. There is a trend towards the combination of these materials.

Com **b-smart** amplia-se a lateral do móvel-lavatório para criar uma zona visível de utilização rápida, onde se podem colocar complementos da coleção, como o recipiente-tabuleiro, para ter à mão os objetos de higiene ou cosmética diários. Relativamente aos acabamentos, destaca-se a combinação de chapa pintada, em branco, cinzento-pedra e azul, com os acabamentos em madeira, em branco-brilhante, cinza, cinza-branco, carvalho, carvalho-branco e antracite-ardósia. A combinação destes materais é uma tendência.

Which reasons would you give for somebody to install the **b-smart** collection into their bathroom rather than a similar type of bathroom furniture on the market?

¿Qué argumentos utilizarías para que una persona se instale la colección **b-smart** en su baño y no otro mueble parecido que pueda encontrar en el mercado?

There is no collection like this one on the market. b-smart is different to everything else. This bathroom furniture has accessories that can be personalized, at a very competitive price. You don't get better reasons than those.

No hay ninguna colección igual en el mercado. **b-smart** es diferente a todo lo que hay. Es un mueble con complementos que se puede personalizar y que tiene un precio muy competitivo. Qué mejor argumentos que estos.

What can a bathroom with **b-smart** furniture and accessories provide?

¿Qué aporta un baño con muebles y complementos **b-smart**?

One of the main characteristics is that it is designed to be easily adapted to the personal taste of each client according to individual preferences. For example, you can choose which side of the cabinet column you want to put the shelving module, and the colour of its veneer. And the collection can be combined so that the washbasin unit has the same finishes. The accessories range has been expanded. The bathroom cabinet includes a container with a tray, a double container and tray with dividers to ensure a more efficient organization of items inside the cabinet. We have incorporated other accessories which were not available with the **b-box** collection, such as the dispenser, a double cup and a toilet brush. All the accessories come in a white exterior, and the colour of the interior can be chosen from the same colour range offered for the veneer in order to ensure continuity in the collection.

Una de las principales características es que tal y como está pensado se puede adaptar a los gustos de cada cliente a partir de sus preferencias. Por ejemplo, se puede elegir en qué lado del armario-columna se quiere colocar el módulo de estanterías y con qué color de chapa. Y el conjunto se puede combinar con los mismos acabados para el mueble del lavabo. En cuanto a los complementos, se ha ampliado la gama. Con el mueble de baño se incluye un contenedor con bandeja, un contenedor doble y una bandeja con divisorias con el objetivo de conseguir un mayor organización en el mueble. Se han creado otros accesorios que la colección b-box no tenía como el dosificador, un vaso doble y un escobillero. Todos los accesorios son de color blanco en el exterior y se puede elegir el color del interior a partir de las mismas tonalidades que se ofrece para la chapa, con lo que de esta manera se consigue una continuidad en el conjunto.

Is **b-smart** the bathroom of the future?

b-smart es el baño del futuro?

No.b-smart is the bathroom of the present. It marks a new concept of bathroom available right now.

No. **b-smart** es el baño del presente. Marca un cambio de concepto de baño aplicable a partir de este momento.

Does its design intend to create a trend or to meet existing needs?

¿Su diseño está pensado para crear una tendencia o para satisfacer unas necesidades va existentes?

Based on our awareness of real needs, we have managed to create a design that is likely to become the new trend. In the workshops we noticed that many users did not like their toiletry items to be mixed together. That is when we realized that we needed to offer solutions to ensure practicality and order.

A partir de recoger unas necesidades reales hemos sido capaces de crear un diseño que tiene todos los ingredientes para ser tendencia. En los talleres vimos que a muchos usuarios les molesta tener los utensilios de higiene mezclados. Es cuando nos dimos cuenta que debíamos ofrecer soluciones para conseguir un orden práctico.

What is the target audience

A qué público va dirigido?

b-smart has been designed for a very wide target audience. It is the ideal collection for those who are looking for functional order, whether they decide to have their toiletries on display or prefer to store them in the cabinet. Today's way of life requires efficient, pragmatic solutions. b-smart meets these needs by offering design at a competitive price. The result is a collection that provides balance.

b-smart está pensada para un target muy amplio. Es una colección ideal para un público que quiere un orden funcional, tanto si decide tener sus utensilios a la vista como si prefiere tenerlos guardados en el mueble. El modo de vida actual pide soluciones eficaces, pragmáticas. **b-smart** satisface estas necesidades, ofreciendo un diseño y un precio competitivo. El resultado es una colección que aporta equilibrio.
